NEW DELHI: Three days after he was ordered to produce documents relating to his ill-gotten wealth and real estate deals, Dawood Ibrahim Kaskar, alias D-Company chief Dawood Ibrahim's aide, on Monday came out with documents showing that the underworld don has several properties and shares worth millions in his name. On the basis of the documents, the government had issued a notice on December 29 to Dawood for not producing the details of his property and the money he is holding. During a phone conversation with a TOI reporter, Dawood, who is believed to be living in Karachi, maintained that he will not co-operate with the government. "I will not submit my accounts to the government. This is a conspiracy to harass me," he told TOI in an exclusive conversation. "I will fight this fight legally." The gangster said he has several properties in different parts of the country. He added that since the government has become 'dirty', he will not give details to them. "All our properties and money is legally acquired and we will fight them," Dawood said. Asked how the government will be able to arrest him since he is in Karachi and that he is beyond the police's reach, he said, "There is a legal way to arrest me." Dawood also said that he had no shares in Kaskar Jivan Steel Mill in Tamil Nadu. He added that he has shares in a company called Jivan Industries, which is 'notorious' as it has already been banned by the government. Meanwhile, Dawood said that he had a Rs 100 crore property in Mombasa, Kenya, but had given up the property and went to Dubai after getting scared. He said that he has bought a plot in Dubai, but gave up the property to avoid harassment.
